CASH BAR
PLENTY OF PRIZES TO BE WON

Dear Phoenix Families

Half term is nearly over and we are ready for an action packed second half term. As you can see from the calendar below, the children will be busy with class assemblies, sporting events and our traditional end of term holiday festivities. We also have our celebration of the school's founder Mrs. Elizabeth Coventry. Our Year 5&6 children will have the opportunity to participate in our annual reading event and sleepover at school where children enjoy a wide variety of book related activities ending in a giant sleepover in the hall.

We look forward to seeing you at the parent/teacher afternoon on Thursday 27 October. Please sign up with your child's class teacher if you have not yet done so.

But the big event that everyone is looking forward to is the family bingo night. Thanks to our PPA for undertaking this great event. It is always a highlight of the children's year and we do hope our Phoenix families will come out and support this fantastic event. The food will be delicious! Prizes add to the excitement of the evening. Please get in touch with the school office you have a prize you would like to donate on behalf of your company.

Other changes this term include the COVID 19 Government taskforce ending of the mandatory wearing of masks in large gatherings. Children and teachers are no longer required to wear masks in our Friday assemblies.

Please remember that children who are sick can not learn. We have had a large number of children being sent to school with sore tummies, fevers, and flus. These symptoms are easily spread to other children and teachers in the classroom and the sick children end up in the office waiting for you to stop work and come pick them up. Please keep them at home if they have any symptoms of sickness.

Enjoy the newsletter and a few picture highlights of the term.

Term 1 Up coming Events

October is all about **KINDNESS**. Children will be learning about the importance of showing kindness to others in their daily lives. Kindness starts at home.

Our Eco schools focus is

How can we show kindness to the living things around us?

Please help us to:

Refuse to use plastic unnecessarily. Please join us in saying no to unnecessary plastic packaging, single use plastics and waste.

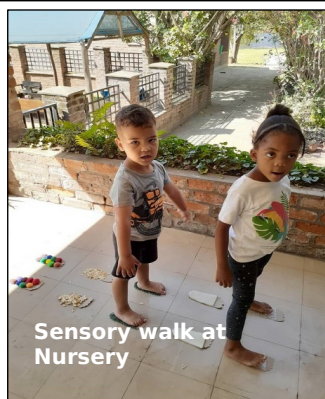

Re-use glass jars and bottles with lids as well as tin cans. We deliver to organizations who will reuse your clean glass and tin products. (Please do not send cracked or broken glass or light bulbs)

Re-purpose tetrapacks. The cricket association of Malawi repurposes your tetrapacks into cones for sports fields.

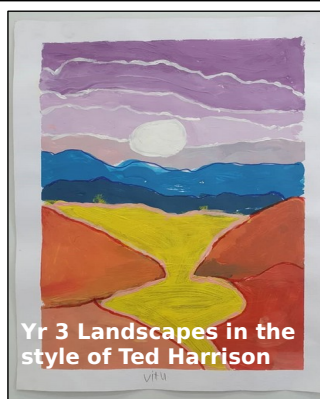

Recycle all kinds of clean plastic can be re-cycled. We work with Truss Trust who make plastic bricks with our plastic waste.

We have plastic, glass, tin and paper recycling drop-offs in the Nursery, Lower School and Upper School courtyards. The tetrapack and main plastic drop off points are in the front shelter. **Please wash all items before dropping them off.**

LET'S HELP KEEP MALAWI CLEAN and GREEN!
